

BEST EVIDENCE WEBINAR

Rethinking medication adherence

A webinar with Dr. Aaron M Tejani

Dr Tejani is a researcher/educator with the Therapeutics Initiative, Clinical Assistant Professor with UBC Pharmaceutical Sciences and pharmacist with Lower Mainland Pharmacy Services (Vancouver, BC). Dr. Tejani will:

- Describe the evidence linking adherence to patient important outcomes.

After the webinar, participants will:

- Understand the importance of shared informed decision-making as it relates to medication adherence;
- Recognize that informed nonadherence is a reasonable choice made by a well-informed patient.

Audience: Clinicians, policy makers, students, researchers, and the general public.
