

BEST EVIDENCE WEBINAR

Climate-Conscious Inhaler Prescribing: Tackling Climate Change, One Pen Stroke at a Time

A webinar with Drs. Val Stoyanova
& Celia Culley

Dr. Stoyanova is a practising general in community and tertiary care in Victoria at Island Health and a Associate Professor at UBC.

Dr. Culley is a clinical pharmacist and pharmacy clinical coordinator in Victoria at Island Health.

Webinar participants will learn::

- The impact of inhaler therapy on climate change;
- To identify ways to change inhaler-prescribing practice to provide climate-conscious care;
- To recognize that “Green Care” is great care.

Webinar audience: Clinicians, policy makers, students, researchers, and the general public.
