

BEST EVIDENCE WEBINAR

Drug-drug interactions in older adults with polypharmacy prescribed nirmatrelvir-ritonavir for the treatment of COVID-19

Dr. Marnie Wilson (UBC), and Dr Emily G. McDonald (McGill University) will discuss:

- The population where nirmatrelvir-ritonavir has demonstrated efficacy in reducing serious outcomes vs populations where nirmatrelvir-ritonavir is often prescribed.
- medication management strategies for common drug-drug interactions, including nirmatrelvir-ritonavir vs deprescribing potentially inappropriate/interacting medications.
- The top 5 drug-drug interactions in older adults with polypharmacy who are prescribed nirmatrelvir-ritonavir.
