

Methods Speaker Series

Preprints: Catalyzing Equity and Integrity in Scientific Discourse

Wednesday, May 29, 2024 12:00-13:00 PDT

In this webinar, Larissa Shamseer, a CIHR-funded postdoctoral methods researcher working with the Knowledge Translation Program at Unity Health Toronto, will explore how preprints foster transparency, accelerate scientific progress, and promote inclusivity by amplifying voices often marginalized in traditional publishing. She will also consider the safeguards and practices necessary for maintaining research integrity within the preprint ecosystem.

Dr. Larissa Shamseer PhD
Postdoctoral Methods Researcher
