

## Best Evidence Webinar

**Thyroid Testing for Primary Hypothyroidism:  
Practical approaches for Health Professionals**

**Wednesday, April 30, 2025 @ 12:00-1:00PM PDT**

Dr. Anshula Ambasta will present practical approaches to thyroid testing for health professionals. Participants will learn how to recognize indications for different thyroid laboratory tests and how to apply thyroid laboratory tests appropriately in the diagnosis and management of primary hypothyroidism. Dr. Ambasta will also review the thyroid testing Portrait produced by the Therapeutics Initiative as a tool for primary care clinicians to improve the quality of their practice.

Anshula Ambasta, MD, PhD, FRCPC  
Assistant Professor Anesthesiology,  
Pharmacology & Therapeutics  
University of British Columbia
